MEET THE SAILOR...

1. What is the toughest part of your sport?	Being able to cope with all the variables of dinghy racing. The changing wind, current, sea state etc. No two races are ever the same!
2. Describe your training regime.	Typical day training with the squad would involve - cycling or running for 1-2 hours or weight training in the morning, then 3-4 hours sailing, practising boat handling and technique.
3. What is your greatest ever achievement in your sport?	My bronze at the 2008 Laser Radial World Championships.
4. What are your aims / goals for 2008?	
5. Who will provide the toughest competition?	Charlotte Dobson, Penny Clark, Lizzie Vickers and Ali Young.
6. Have you had any embarrassing moments during training or competition?	Well there was the time when the radial squad had arrived a day earlier than our Coach Ian to a regatta. Having unloaded all our boats off the trailer we decided to be helpful, by launching the coach boat for Ian. The next morning Ian had to get the coach boat out of the water and back onto the trailer, it appeared to be sinking! In our haste to please we had forgotten to put the bung in the boat and it was going down like the titanic! Whoops!
7. Who is your sporting hero?	Daida Moreno - Women's Windsurfing Freestyle World Champion.
